ACROSS INDONESIAN SEAS

PRODUCT BROCHURE

ABOUT US

Background

Across Indonesian Seas is a trading and logistics company founded by a team of young entrepreneurs. We work to unite the two sides of the world through more equitable and mutually beneficial trade.

Connecting cultures through equitable trade.

Purpose

Our purpose is to bridge the journey of underrepresented, high-quality Indonesian coffee to the North American market, creating a sustainable foundation for farmer growth and partnership. We are deeply committed to the coffee industry, driven by the genuine, authentic community that operates with trust and kindness!

JAVA FRINSA ESTATE

- Our partnership is built on a bond that began a generation ago, when the fathers of our CEO, Akhtar, and producer, Fikri, met at university.
- Based in Bandung, Java Frinsa manages a collective across four regions. They work with 200 contract farmers, supporting them with technical training and post-harvest processing.
- Fikri differentiates his coffee by creating a better farm, leaving the surrounding plants in their original state. To maintain healthy trees, organic fertilizers, clean water, and minimal pesticides are the priority.

FRINSA OFFERINGS

Name	Notes
Frinsa Natural Lactic	Elegant tropical fragrance with distinct notes of ripe mango and honeydew, finishing with a long, pleasant candy-like sweetness.
Frinsa Natural	Fragrance of melon and flavour notes of peach strudel. Rounded body with broad and elegant melon acidity.
Frinsa Honey Tempe	Fragrance of honeydew melon and orange citrus with floral honey and Earl Grey tea notes. The cup is delicate and refined, with bright citrus acidity, gentle sweetness, and a clean, elegant finish.

FRINSA OFFERINGS

Name	Notes
Frinsa Honey Lactic	Sweeter, aromatic cup with honeydew melon and orange citrus notes, layered with floral honey and Earl Grey tea, finishing clean and delicately structured.
Frinsa Fully Washed	Sweet and balanced fruit-forward coffee with bright orange acidity and milk chocolate aftertaste.
Frinsa Wet Hulled	Fragrance of cedar with smooth and easy chocolate, spice flavour. A clean and smooth taste of traditional Wet Hulled Indonesian coffee.

PUSAT KOPI NUSANTARA

- Our journey to PKN began when our teammate Hadi met with Rivo, one of Cianjur's longest-standing and highest-quality coffee producers.
- Rivo is a central figure for the farming community in Cianjur. This network of dedicated farmers, whom he supports with expertise in farming, is responsible for an annual output of 700 tonnes of specialty and high-quality commercial coffee.
- Our most special moment was drinking Rivo's coffee beneath the very trees where the beans were grown.

PKNI OFFERINGS

Name	Notes
PKNI Natural	Notes of fig and red apple when hot, transitioning to apple-cinnamon as it cools. Medium-to-full body with a long-lasting, pleasantly sweet aftertaste.
PKNI Honey	Fragrance of honey and soft cocoa with subtle white tea aromatics. The cup is smooth and balanced, showing gentle sweetness, light chocolate depth, and a clean, tea-like finish with medium acidity and body.
PKNI Washed	Fragrance of cereal and toasted grain with light cocoa notes. The cup is earthy and structured, finishing with cacao nib bitterness, medium acidity, and a medium body.

OUR FUTURE

You're never a number. Every trade is personal, with 24/7 support and a commitment to real relationships—not transactions.

We guarantee a consistent, year-round supply of specialty Indonesian coffee. This stability ensures you can confidently build your brand with no hesitation.

We believe in scaling the right way: with the communities we trade with, the planet we rely on, and the partners we serve. Our mission is long-term value, not just volume.

We look forward to working with you!
